

Chapmans in the 1830 New York Census

Data extracted from microfilm by Dr. Paul Kannowski CFA #264

Data keyed to computer record by Judy Jefferson CFA #326

Data format is as shown below - subject to data availability

First Name Last Name Tabulation of white male/female SL CO FO Page Township

SL = Slaves, CO = Free Colored, and FO = Foreigners.

For the tabulation of the white males and females 13 columns, spaces, or digits were used for each age bracket. Working from left to right the age groups are:

1 = under age 5

2 = age 5 thru 9

3 = age 10 thru 14

4 = age 15 thru 19

5 = age 20 thru 29

6 = age 30 thru 39

7 = age 40 thru 49

8 = age 50 thru 59

9 = age 60 thru 69

10 = age 70 thru 79

11 = age 80 thru 89

12 = age 90 thru 100

13 = 100 years and over

No map was prepared to identify the counties in which Chapmans were enumerated because they were in all counties except: Richmond, Rockland, Schenectady, Sullivan and West Chester

In a number of cases the microfilm image was too dim to read and no transcription was possible. Such records are indicated by a note. In a few cases the data was extracted but the film was so dim as to leave the quality in question. Those records have an asterisk following the township name at the far right of each record.
